## We Are Going Places!

Dear Group Leaders,

Well that went fast!!! Here we are about to go into our 14<sup>th</sup> year, hard to believe its been that long. Until I consider that since I started this business back in 2003, so much has changed. I am now the grandmother of 9 (3 of which are my bonus granddaughters- ask me about, them, toooo long a story for here) and all but one of our kids are married, or about to be. It's probable that while you are reading this we are in the UK at the wedding. Pictures to follow.

So what's new in the group tour world? Well, quite a bit actually. Best Group Tours continues to expand and evolve to meet an ever-changing marketplace. We know that some of you are internet savvy and like to do your own research and while that can be a good resource please bear in mind that the place that looks like fun may well be if its you and your cousin Fred, but not always suitable for a group.

That's where we come in, we research and visit the venues in our brochure, we talk to management and in some cases have a trial run and even then find that some times things are not to our standard. So when we advise you not to go somewhere, that advice comes from our years of experience in what works and what doesn't. Believe me we know you are all looking for something different, so are we. Each year we try really hard to find different, fun things for you and your groups and I think this year we have excelled ourselves with our day trip section.

We are finding that a lot of you are asking for tailor made, multi night trips. We love doing it, so continue to ask but please know that it does take time to come up with an itinerary, that works for your group and our bus driver time restrictions.

Our PRICE GUARANTEE stays in place. We will beat any competitor's trip on a like for like basis. That doesn't mean that I, or anyone at Best Group Tours will get into a Dutch auction with any of our competitors. I have spent far too much time again this year in dealing with 'our competitors nonsense. Just be assured that it is always our intention to bring you great trips at the very best possible prices, and to those of you who have had phone calls of an abusive nature I am truly sorry. Again please know that no one from my company EVER passes on your contact information to ANY third party.

That leads me to ask that when you are comparing prices, please look very closely at the content of our trips. I do not take you to cheap Chinese Buffets (if you want Chinese Food, it will be at a restaurant that serves you, try Ginger Bistro). We value our brand and like to wow our customers.

This year is the first year Peter & I are escorting a cruise, we have almost 100 people traveling with us in December. Watch out for our 2018 UK & Israel trips, you asked so we will try it...in fact, part of our September trip is to try out some fun places in London.

As always, we can't do it without you, thank you for your business

Karen & Peter Stone & The Best Group Tours family

### Tips for Group Leaders:

1. Pick a trip; we can fully tailor any trip to suit your group.
2. Pick a date, it is impossible to satisfy everybody, choose the date that seems to work the best for the majority.
3. Please take our advice, we run 300 trips per year, so if we suggest limiting your itinerary it is because we want you to enjoy your trip and not have to rush.
4. We Mapquest all of your itineraries, however, traffic and weather conditions sometimes prevail.
5. Please read your contract carefully. There are different requirements specific to certain trips.
6. **Please make sure your group is aware of the cancellation policy.**
7. If you have chosen a restaurant that requires meal selections, the information will be in with your contract and flyer. It's much easier for you to get that information as people sign up.
8. Rooming lists should state any specific requirements, such as handicap requests. Please note that most hotels situate their handicap rooms near to emergency exits so they tend to be at the end of a corridor. If your guest simply has difficulty walking please request a room near an elevator rather than a handicap room.
9. We ALWAYS give 2 ladies sharing a room with 2 beds.
10. Hotels will try to accommodate requests for guests that want to be near each other but this cannot be guaranteed.
11. **Please adhere to our terms for deposits, rooming lists and final payment; this will help to ensure the best possible seating etc.**
12. Add-ons- We know that often after you have sent your rooming list and final payment somebody wants to join in, we will try and accommodate you. It is however subject to availability at all the venues you will be visiting. Once you advise us to add a person/s please understand that this is a commitment that has to be paid for even if you have a no-show on the day of the trip as we have made payment on your behalf to our vendors.
13. The itinerary that we send you is also sent to our bus company, your driver has the same instructions, please sit back and enjoy your trip even if you know a short cut, let the driver do his/her job. It is their responsibility to get you to your destination safely.
14. Theater tickets- We know that allocating seating is never easy, but please understand the theater needs to maximize the seating in a way that makes commercial sense, which does not always allow you to leave empty seats at a table, particularly during high season.
15. Our standard bus size is 56, however our larger buses can carry up to 61 passengers.
16. Those of you who choose to go to Gulfstream have to understand that it is your responsibility to ensure that every member of your group understands that they are required to sign a waiver, supplied by Gulfstream absolving Gulfstream from any liability in case of an accident on their premises.
17. We are really thrilled that you are enjoying our candy bar. It is there for your pleasure, however, it has come to our attention that a very small percentage of your guests are taking advantage of our generosity. We provide bags for the candy, please do not use hotel coffee cups and please ask your guests not to bring Ziploc bags and fill them. The candy bar is for members of your group but not their grandchildren.

**To eliminate confusion, we respectfully ask that if you need any information or need to make any changes, please do that directly through our office rather than contacting our vendors directly.**

## BEST GROUP TOURS BRINGS YOU THE BUS!
